ENHANCE CONCENTRATION - FOSTER CRITICAL THINKING
ENHANCE MEMORY SKILLS - FOSTER CREATIVE THINKING

NOW BETTER THAN EVER!

Zoom Chess lessons are a reality and we create a challenging, exciting, and fun environment.

Coaching by Zoom successfully since March has given us the experience and know-how.

Plus, we have now added to our lineup International Chess Grandmasters and other Internationally titled coaches. Some of our virtual coaches are from countries such as: India - Romania - Vietnam - Mexico - Russia - and more! In addition to learning chess, piece movement, openings, middle game tactics, and checkmate moves, our students will take a virtual tour to learn about the history and culture of countries where studies games originated.

Dream big, roam the world virtually, remember the sky is not your limit; your imagination is.

It is time to pack your bags and embark on this breathtaking journey with us
and be prepared to experience chess online like never before!
